“(ii) **Criteria.**—The panel shall establish a system to be applied under this subparagraph that allows each entity participating in the program to assign relative values to the following criteria to reflect the particular needs of its villages:

“(I) Changes during the preceding 10-year period in population, poverty level, and economic development in the entity’s member villages.

“(II) The overall financial performance of the entity, including fishery and nonfishery investments by the entity.

“(III) Employment, scholarships, and training supported by the entity.

If the State determines that the entity has maintained or improved its overall performance with respect to the criteria, the allocation to such entity under the program shall be extended by the State for the next 10-year period. If the State determines that the entity has not maintained or improved its overall performance with respect to the criteria—

“(I) at least 90 percent of the entity’s allocation for each species under subparagraph (C) shall be extended by the State for the next 10-year period; and

“(II) the State may determine, or the Secretary may determine (if State law prevents the State from making the determination), and implement an appropriate reduction of up to 10 percent of the entity’s allocation for each species under subparagraph (C) for all or part of such 10-year period.

“(iv) **Reallocation of Reduced Amount.**—If the State or the Secretary reduces an entity’s allocation
under clause (iii), the reduction shall be reallocated among other entities participating in the program whose allocations are not reduced during the same period in proportion to each such entity's allocation of the applicable species under subparagraph (C).

"(I) SECRETARIAL APPROVAL NOT REQUIRED.—Notwithstanding any other provision of law or regulation thereunder, the approval by the Secretary of a community development plan, or an amendment thereof, under the program is not required.

"(J) COMMUNITY DEVELOPMENT PLAN DEFINED.—In this paragraph, the term 'community development plan' means a plan, prepared by an entity referred to in subparagraph (D), for the program that describes how the entity intends—

"(i) to harvest its share of fishery resources allocated to the program, or

"(ii) to use its share of fishery resources allocated to the program, and any revenue derived from such use, to assist its member villages with projects to advance economic development,

but does not include a plan that allocates fishery resources to the program."

(b) NO INTERRUPTION OF EXISTING ALLOCATIONS.—The amendment made by subsection (a) shall not be construed or implemented in a way that causes any interruption in the allocations of fishery resources to the western Alaska community development quota program or in the opportunity of an entity participating in that program to harvest its share of such allocations.

(c) LOAN SUBSIDIES.—The last proviso under the heading "NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION—OPERATIONS, RESEARCH, AND FACILITIES" in the Science, State, Justice, Commerce, and Related Agencies Appropriations Act, 2006 (Public Law 109–108; 119 Stat. 2311–2312) is amended—

(b) APPLICABILITY.—The modification made under subsection (a) shall apply with respect to each fishery referred to in subsection (a) whenever the total allowable catch for that fishery is more than 2 percent higher than the most recent total allowable catch in effect for that fishery prior to September 15, 2005.
(c) **Savings Provision.**—Nothing in this section affects the authority of the North Pacific Fishery Management Council to submit, and the Secretary of Commerce to implement, changes to or repeal of conservation and management measures under section 313(j)(3)) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1862(j)(3)).

The design of the device developed under this subsection shall be available for public use.
