INSTRUCTIONS
APPLICATION FOR AN AMENDMENT 80 REPLACEMENT VESSEL

The owner of an Amendment 80 vessel may replace such vessel for any purpose. The replacement vessel will be eligible to participate in the Amendment 80 fisheries in the same manner as the original vessel; moreover, the owner of the replacement vessel is responsible for all monitoring, enforcement, permitting, recordkeeping and reporting, prohibitions, and general sideboard measures that apply to Amendment 80 vessels in the GOA or BSAI.

A vessel will be approved by the Regional Administrator as an Amendment 80 vessel following the submission and approval of a completed application for an Amendment 80 Replacement Vessel, provided that only one replacement vessel is used as a replacement for any one replaced vessel at a given time and that the replacement vessel:

- ◆ Does not exceed 295 feet length overall (LOA)
- ◆ Was built in the United States and, if ever rebuilt, rebuilt in the United States
- ◆ Is classed and loadlined or meets the requirements of the USCG Alternative Compliance and Safety Agreement

GENERAL INFORMATION

Note: It is important that all blocks are completed and all necessary documents are attached. Failure to answer any of the questions, provide attachments, or to sign the application could result in delays in the processing of your application.

- ◆ Complete a separate application for each vessel. Application forms and instructions are also available on the NMFS, Alaska Region website at <https://alaskafisheries.noaa.gov/fisheries-applications>.
- ◆ To demonstrate vessel ownership you must provide:
 - For U.S. Coast Guard (USCG) Documented Vessels, a copy of the USCG Abstract of Title or Certificate of Documentation
 - For undocumented vessels, a copy of the State of Alaska vessel license or registration.
- ◆ Type or print legibly in ink.
- ◆ Retain a copy of completed application for your records.
