**INSTRUCTIONS FOR
ROCKFISH PROGRAM
EX-VESSEL VOLUME AND VALUE REPORT**

Submit ONLINE

A rockfish processor that receives and purchases landings of rockfish cooperative quota (CQ) must submit annually to NMFS a complete Rockfish Ex-vessel Volume and Value Report, as described in §679.5(r)(10), for each reporting period for which the rockfish processor receives rockfish CQ groundfish. All shoreside processors that buy fish from fishermen must submit this information. NOTE, if no ex-vessel sale occurs (e.g., if the processor accepted fish for special processing), do not include that sale.

The reporting period of the Rockfish Ex-vessel Volume and Value Report shall extend from May 1 through November 15 of the current year. The processor must include all pounds and associated value of any purchased landings.

The purpose of this report is to collect information from all buyers that operate as shoreside processors, so that NMFS Sustainable Fisheries Division can establish a standard ex-vessel price. The standard price will be used to assess a fee from permit holders.

The Rockfish Ex-vessel Volume and Value Report must be submitted on line and must be received by the NMFS Regional Administrator no later than December 1 of the year in which the rockfish processor received the rockfish CQ groundfish.

To submit a Rockfish Ex-vessel Volume and Value Report online, the rockfish processor must log in to <http://alaskafisheries.noaa.gov> using the Rockfish Processor's password and NMFS person ID. Instead of a signature, the rockfish processor enters the NMFS ID and password and submits the report, which certifies that all information is true, correct, and complete to the best of his or her knowledge and belief.

If you have any questions, or if you need any assistance in completing the report, please call NMFS Sustainable Fisheries at 907-586-7228.

COMPLETING THE REPORT
